

SYED MOHAMED A

Technical Lead | Senior .NET Developer | ASP.NET Core | Azure | C# | Web API

Email: mailtosyedmdsalam@gmail.com | Phone: +91- 9042938448 | LinkedIn: [linkedin.com/in/syed-md](https://www.linkedin.com/in/syed-md)

PROFESSIONAL SUMMARY

Technical Lead with **19+ years of experience** in designing, developing, modernizing, and maintaining enterprise applications using **C#, .NET, ASP.NET Core, Web API, Entity Framework, MS SQL Server, JavaScript, and Azure**.

Lead a **6-member development team**, driving end-to-end software delivery, mentoring developers, conducting code reviews, participating in technical interviews, and managing production releases. Experienced in building scalable enterprise applications, implementing CI/CD pipelines, improving application quality, and supporting mission-critical production systems.

Strong knowledge of Agile methodologies, software development best practices, SOLID principles, RESTful API development, Microservices, and modern .NET technologies.

PROFESSIONAL HIGHLIGHTS

- 19+ years of experience in Microsoft Technologies
- Leading a team of **6 software developers**
- Extensive experience in C#, ASP.NET, ASP.NET Core and Web API
- Strong experience in enterprise application development
- Hands-on experience with Azure and Azure DevOps
- Expertise in REST API development and Microservices
- Experience implementing CI/CD pipelines using Azure DevOps and GitHub Actions
- Conducted code reviews and mentored junior developers
- Participated in technical interviews and hiring activities
- Owned production deployments and application support
- Strong experience in performance optimization and production issue resolution
- Experienced in Agile and Scrum development environments

TECHNICAL SKILLS

Languages & Framework	C#, JavaScript (ES6+), T-SQL, .NET Framework, .NET Core, ASP.NET MVC, ASP.NET Core, ASP.NET, Web API, LINQ, Entity Framework
Frontend	HTML5, CSS3, JavaScript, jQuery, Bootstrap, React.js
Database	Microsoft SQL Server, Stored Procedures, Views, Functions, Performance Tuning
Cloud & DevOps	Microsoft Azure, Azure DevOps, Git, GitHub Actions, CI/CD Pipelines
Architecture & Design	Microservices, RESTful APIs, SOLID Principles, Design Patterns, Dependency Injection, Repository Pattern, System Integration
Development Practices	Agile, Scrum, Code Reviews, Production Support, Debugging, Performance Optimization, Technical Documentation

PROFESSIONAL EXPERIENCE

TECHNICAL LEAD | SAGITECH SOLUTIONS | CHENNAI, INDIA

Oct 2018 – Jan 2026

- Led a 6-member **development team**, delivering enterprise applications using **C#, ASP.NET Core, Web API, and SQL Server**.
- Mentored developers through **code reviews**, technical guidance, and coding best practices.
- Collaborated with **product owners, business analysts, and QA teams** to deliver projects using Agile/Scrum.
- Managed **production releases**, deployments, and post-production support for business-critical applications.
- Resolved complex production issues through **root cause analysis** and performance optimization.
- Implemented **CI/CD pipelines** using **Azure DevOps** and GitHub Actions to streamline deployments.
- Participated in **technical interviews**, solution design, and technical risk mitigation.
- Maintained **technical documentation**, deployment guides, and support documentation.

SENIOR CONSULTANT | VIRTUSA POLARIS | CHENNAI, INDIA

Feb 2014 – Sep 2018

SENIOR SOFTWARE ENGINEER | GMS SOFTWARE SOLUTIONS | BANGALORE, INDIA

Jun 2013 – Feb 2014

- Led 8-member development team in a critical technology migration project for Citi Bank India, transitioning legacy banking applications from Java to .NET.
- Oversaw the end-to-end development lifecycle, including requirement analysis, solution design, development, testing, and deployment.
- Collaborated with business analysts and stakeholders to ensure functional parity and regulatory compliance during the migration process.
- Re-engineered and modernized existing Java-based modules into ASP.NET applications, integrating with existing databases and services.
- Ensured data integrity and system stability through comprehensive testing strategies, including unit, integration, and UAT phases.
- Guided the team through code reviews, task allocation, and sprint planning, ensuring timely and high-quality deliverables.

PROJECT MANAGER | Wallcliffs Systems | Bangalore, India

Sep 2011 – Jun 2013

SENIOR SOFTWARE ENGINEER | Walgreens Systems | Coimbatore, India

Sep 2010 – Sep 2011

- Lead the development of a comprehensive web-based real estate management system for a real estate company, designed to manage property listings, client inquiries, agent profiles, and transactions.
- Worked collaboratively in a 5-member development team, contributing to both front-end UI/UX and back-end logic using ASP.NET and C#.
- Designed and implemented MS SQL Server database schema to support efficient storage and retrieval of real estate data, including advanced queries and stored procedures.
- Developed secure user authentication and role-based access control to support admins, agents, and customers.
- Integrated features like property search with filters, image galleries, booking forms, and automated email notifications.

SENIOR SOFTWARE ENGINEER | MACSIT.COM | ERODE, INDIA

Jan 2007 – Aug 2010

- Worked on developing and maintaining software within the IT Implementation Department, focusing on requirement analysis, user clarifications, and implementing changes using ASP.NET, C#, and SQL Server.

PROJECT HIGHLIGHTS

- Designed and developed core backend services using **.NET Core, C#, and Web API**, ensuring scalability and high performance.
- Led the frontend team in building responsive UI enhancing user experience and adoption.
- Implemented **CI/CD pipelines (Azure DevOps, GitHub Actions)** to automate builds, testing, and deployments.
- Mentored junior developers on modern technologies improving overall team skill maturity.
- Collaborated with product owners and business analysts to ensure requirements were met while maintaining compliance and quality standards.

EDUCATION

- Master of Science in Computer Science (M.Sc.) | Jamal Mohamed College – Tiruchirappalli, Tamil Nadu, India
- Bachelor of Science (B.Sc.) – Erode Arts College – Erode – Tamil Nadu - India

TRAINING/COURSES

- Python
- GitHub Actions
- Azure DevOps Pipeline
- React , Angular
